Petition

To: The Honourable The Speaker and Members of the House of Assembly:

The petition of the undersigned Residents of Tasmania calls on the House to ban the use of animals in rodeos.

Practices such as calf roping, bull riding, bronco riding and steer wrestling are cruel and unnecessary, often resulting in serious injury to animals. Cruelty in the rodeo industry is evident with the successful prosecution of an individual involved in the inhumane handling of a bull at the Carrick Bull Ride in 2006.

We the undersigned therefore call on the House to ban the use of animals in rodeos.
